# THE VISION.

Imagine having a daily audience of thousands, or even millions ... being able to make people laugh or keep them informed on important issues ... being able to help inspire people to succeed, to help them better their lives ... well it's all possible as a TV Presenter or Talk Show Host.

We wanted to create a 30-minute topical show where ordinary people like you and I appear in front of the camera and host our very own segment.

**You are invited to attend the first module on us, as our guest. If after day 1 you love what you see and want to commit to the full workshop GREAT, we'll see you at module 2!**

If, however you feel it's not for you; you will still have had a great experience presenting on camera, made great friends and received feedback from professionals.

**We not only teach you the skills to be an awesome presenter, you will have the opportunity to host your very own segment on THE POINT TV.**

# WHAT YOU WILL LEARN

## FOUR HIGHLY INTERACTIVE SESSIONS

OUR HIGHLY ENGAGING AND INTERACTIVE WORKSHOPS WILL SHOW YOU HOW YOU CAN USE YOUR VIDEOS TO GET A GREATER REACH

Gerald Pauschmann

### MODULE ONE

This is our OPEN DAY. It is FREE to attend.

When you arrive at our boutique studio in BRISBANE, or at one of our locations around Australia, you will be greeted by some of our past presenters who have completed the workshop and have appeared on THE POINT TV conducting their very own segment.

### PANEL DISCUSSIONS

We will ease you gently into the process as we explain what the outcomes are for the 'accelerated' TV presenters workshop.

If you are serious about getting more exposure, creating an on-line presence or even want to know how a full 30-minute show is produced, then this is the workshop for you. Every participant will appear on camera, delivering a 3-minute interactive panel discussion.

# MODULE TWO

## INTERVIEWING TECHNIQUES

All the videos from the 'panel discussion' will be given to you so you can reflect on the way you delivered your presentation. In this module, our team of skilled professionals will give you the interviewing strategies to ensure you are equipped with the tools to conduct a practice 3-minute 'on the couch' session.

TELEVISION IS NOW, MORE THAN EVER,  
DESPERATELY HUNGRY FOR UNIQUE AND  
FRESH CONTENT.

Our team of professionals will provide you with feedback that will assist you to perfect your camera presence in preparation for the ultimate goal to present in front of a live studio audience.

**We will guide you every step of the way.**

# MODULE THREE

## LEARNING THE ART OF READING OFF AN AUTOCLUE

If you have ever watched the news, *60 minutes*, *Dr. Phil* or anyone who presents professionally on TV, you will see the subtleties with the on-screen presentation as they read off an autocue or teleprompter.

In the third module we will show you the strategies used by professionals when using an autocue. You will never have to remember your lines again.

Here you will present a 45-second piece to camera (PTC) and see the incredible transformation from good to great. As with all the sessions, we will record your 'Introduction' and give you immediate feedback and a copy of the final product.

## GRADUATION NIGHT

### LIGHTS, CAMERA, ACTION

It all boils down to this. All the practice, the dealing with nerves, script writing, perseverance and laughs, will all be moved to one side as we 'go live' in front of a studio audience so you can deliver a 7-minute segment for THE POINT TV. It's show-time.
